MEMORANDUM FOR: Mr. Warner

25X1
1. [REDACTED]

received requests to appear from Sourwine, Senate Internal Security; McNamara, House Committee on Un-American Activities; Edna Kelly, House Foreign Affairs. McNamara was reported to have been very polite and rather mild, saying that after reading the press reports he doubted they were interested as their present study was of religion under Communism and they doubted if she knew enough. Presumably, therefore, this presents no great problem.

3. I cannot think of three more unfortunate invitations for this particular situation.
